Am Law ranking

Each firm brings a breadth and depth of experience serving clients in a multitude of areas as well as brings complementary industry strengths, spanning most of the industries critical to the U.S. economy and providing a natural client and cultural fit. These include flourishing corporate, litigation, intellectual property, tax and bankruptcy practices, among others. Health sciences, energy, real estate, construction, insurance, financial services, private equity and technology are the largest industries served by the combined firms.
